

# Walton Rowing Club

## New boathouse fund

### “Pound a pot” appeal

Walton Rowing Club’s current boathouse is falling down and we are seeking to raise £400,000 during 2008 to replace it. This will enable us to continue the junior coaching programme that has led this small club to produce 40 international oarsmen and women, including the stroke of the gold-medal winning eight in Sydney in 2000.

To show that we are delivering the goods, we are asking as many people as possible to contribute £1 for every pot or medal won by a Walton Rowing Club member in the Club’s name at an open event in 2008. Coxes count too, so an eights win would be worth £9, or a single scull £1. We’ll let you know how many crews have won each month, and you can settle month by month or at the end of the year.

To give you a guide, in 2007 (a very successful year for the Club) we won 171 pots. If that’s too much, you can cap your donation or buy a half-share with someone else.

---

I/we agree to pay a pound a pot towards Walton Rowing Club’s new boathouse fund, subject to a maximum of £ .....
