Walton win National Coaching Team of the Year

Walton's coaching successes over the last year have been recognised with the award of British Rowing's Coaching Team of the Year. The award committee noted that Walton not only consistently produces excellent junior scullers and rowers, many of whom go on to represent Great Britain, but also has made excellent progress in introducing more adult and veteran beginners to the sport and now has waiting lists for most of its squads. Most of the coaching team will be attending the award presentation which is held at the Great Britain senior team trials finals at Dorney Lake.

The full commendation is on the British Rowing web-site: <http://www.britishrowing.org/news/british-rowing-coach-year-awards-2009>
