

Silver Sculls bonanza

In excellent conditions on our home reach Walton had an astonishingly successful day at the the Weybridge Silver having no less than 18 category wins and 8 second places. These included fastest womens and junior girls boats overall in both singles and doubles and fastest overall in mens and junior boys doubles. As well as this over a dozen new members who leant to row at our beginners courses this summer had their first taste of competition.

There are also photos of most of the club crews that raced in divs 1 to 3 in the gallery (in reverse order to that which people raced).
